MEMORANDUM TO COUNCIL

To: Mayor and City Council Members
From: Marjie Veeder, Assistant City Manager
Through: William Homka, City Manager
Date: February 27, 2024
Re: Ordinance 2024-04: Amending UCO § 3.40.040 to adopt a new pay range matrix;
and amending § 3.40.050 Basis of Pay Rates
and
Ordinance 2024-05: Creating Budget Amendment #5 to the Fiscal Year 2024
Budget to fund increases in wages, fringe benefits, and associated State of Alaska
PERS contributions for unrepresented employees

SUMMARY: As a first step in implementing the Classification and Compensation Study requested by the Council, staff presents two ordinances for consideration. Ordinance 2024-04 places the new pay range matrix into code and makes a minor edit to refer to the control point rather than the midpoint. Ordinance 2025-05 funds the related wage increases for our existing employees for the remainder of FY24. Staff recommends adoption.

PREVIOUS COUNCIL ACTION: The final report and recommendations from McGrath Human Resources Consultants were presented to the Council at a special meeting on February 6, 2024. The Council discussed this matter again on February 13, 2024 and directed the City Manager to revise the Title 3 employee classification and wage scale based on the findings of the McGrath study.

BACKGROUND: Pay scales and wages for our Title 3 unrepresented employees are outdated and have not kept pace with the labor market or the cost of living. The last compensation study was conducted in 2013. Even though wage scales were increased by 4.5% across the board in 2019, a compensation and classification study was not completed and our pay scales have not kept pace with the market. Our Title 3 unrepresented employees have been waiting a long time for this study and for their pay scales and wages to be adjusted to market. Even though this group of employees received a 10% pay increase effective pay period ending December 31, 2022, which was retroactive to July 1, 2022 (following the approval of the IUOE 302 collective bargaining agreement), almost all of their wages are still not at the minimum of the market today.

This results in difficulty attracting new employees, current employees not being compensated fairly, and disparity and compression in relation to the pay scales of represented employees.

The City contracted with McGrath Human Resources Consultants to conduct the wage and classification study.

DISCUSSION: The first step in implementing the wage and classification study is to adopt the pay range matrix and bring the wages of our current Title 3 employees up to scale.

As far as implementing the new pay range matrix, we plan to:

- Bring the wages for all employees up to the minimum of the new pay scale.
- Then increase the wage, in a consistent manner, for the employee's years in the position, but no higher than the control point so employees have room to grow in the pay scale. This acknowledges their tenure in position and offsets compression issues; it also helps provide separation between existing employees and future hires.
- If an employee's present wage is already within the new pay scale, provide a 3% wage increase so everyone is guaranteed at least a 3% increase.
- For recently hired employees with many years of experience in their role, bring them up to no higher than the control point to acknowledge that experience.
- The new pay scales have already been trended for 2024, meaning a 3.5% COLA has been applied. Moving forward, the plan is to provide a cost of living adjustment each year in January and update the pay scales accordingly, based on an economic indicator.
- For this implementation year only, we don't recommend merit increases on July 1, 2024, due to the significant wage increases being provided; and we also don't recommend applying pay increases retroactively.
- Beginning in 2025, provide annual merit increases on July 1st based on satisfactory performance evaluations.
- Future movement within the pay scales will then occur based on satisfactory performance.

ALTERNATIVES: Alternatives include –

1. The Council can follow the recommendation of our professional consultant and the City Manager to implement new pay scales and wage increases for our Title 3 unrepresented employees.
2. The Council could increase or decrease the desired percentile of the labor market. It is not recommended to decrease the percentile, as that would cause a newly adopted pay scale to pretty quickly fall behind the market and ultimately continue the difficulties we are already experiencing.
3. The Council could do nothing (also not recommended).

FINANCIAL IMPLICATIONS: The new pay range matrix will result in newly hired employees being paid at market. It would be difficult, if not impossible, to estimate the financial implications for newly hired employees. However, the new pay range matrix, as applied to existing employees, has a financial implication for FY25, the next budget year, of approximately \$880,000 more as compared to the FY24 original budget.

The budget amendment for the remainder of FY24 requests a total of \$218,743: (a) an additional \$161,041 from the General Fund for City Administration, Clerks, Finance, Information Systems, Planning, Public Safety, Public Works and PCR; and (2) \$57,202 for the proprietary funds for Electric, Water, Wastewater, Solid Waste, Ports, Airport and Housing. Wages touch each of these funds due to the allocation of employee wages.

The FY24 budget impact, summarized by fund, is as follows:

Title 3 Increase - FY24 Budget Impact

Includes Wages, Taxes, PERS
